We specialise in adapting vehicles for the disabled and people with reduced mobility. At Vic Young Mobility we endeavour to provide you with all the information available on adaptations to enable you to make an informed decision as to the best solution to meet your mobility requirements.

What do you get?

- A new car of your choice every five years
- Five years insurance and breakdown cover
- Five years repairs, maintenance and servicing
- We take care of all the paperwork

In addition to our wide ranging conversion capabilities - Vic Young Mobility offer an additional set of specialist engineering and fitting services from our purpose built production facilities, conveniently located in the heart of the North East.

Plus:

Just as important is peace of mind. You're always welcome at the showroom for a chat with one of our Motability Specialists, but if you prefer we can bring a car to your home. Nothing is too much trouble.

To contact our Motability specialists, you can telephone or email Steve Gardner:
